**BIRT (BRAIN INJURY
REHABILITATION TRUST)**

THE MASS SPONSORED CHARITY
2015/2016

The Brain Injury Rehabilitation Trust (BIRT) has been chosen again as the sponsored charity for MASS in 2015/16.

BIRT has been providing excellence in brain injury rehabilitation for 25 years. Since opening its first service BIRT has grown rapidly to become the charity leading brain injury rehabilitation across the UK. It offers a range of 15 specialist brain injury services across the UK. These residential centres and independent hospitals offer a breadth of provision to meet the needs of adults with an acquired brain injury and aim to provide the best quality neurobehavioural rehabilitation for people with complex and challenging needs after brain injury.

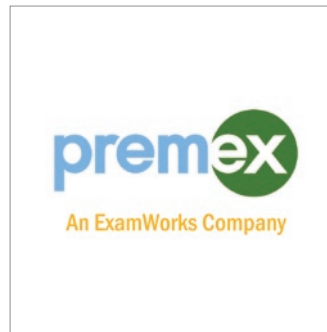

BIRT would like to use the money raised within their existing services to replicate real life situations where Service Users can practice new or re-learned social skills and behaviours before using them in the community with the ultimate goal of enabling Service Users to participate in life as fully as possible, needing the least possible assistance.
